

## **Legislative/Compliance Update for the Health Insurance Industry**

**(1 hour of General CE) – Classroom/Virtual**

*(if virtual, questions asked to verify attendance and attention)*

*This course is designed to be adaptable to allow updated topics of legislative / compliance issues that affect the health insurance industry. Throughout the year, there are many issues that are presented on both the state and federal level. This course is to allow new, up to date topics to be discussed for agents/brokers to be informed of timely subjects of the health insurance industry by a member of the **Ohio Association of Health Underwriters (OAHU)**. The time per topic may change per presentation as well as some topics may not be discussed.*
