How It Works:

Get ready for an awesome experience with CourseHorse Groups! In this team trivia event, you'll be split into teams and pitted against each other. Everyone will have fun, but only one team can be declared champions! You'll experience 4 rounds of trivia in total:

A standard trivia round

Participants will answer some general trivia questions ranging from a wide variety of topics. You'll be sent to breakout rooms with your team halfway through and again at the end of this round to discuss answers.

A music round

You'll listen to songs and work together with your team to identify the artist and the song!

A picture round

You and your team will enter breakout rooms and view a group of pictures based on a theme that you'll need to identify.

A wildcard round

??? oooOoOoooh mysterious

Other Notes:

• We recommend you log in using a computer (r ther than a tablet/phone) as you will also need to have your answer sheet open.
• Your host will explain how he answer sheets/rules work when you guys start! The answer sheets will be distributed by the host during the event (we'll direct you to our webbased app).
• Please try to log in 5-10 minutes before your event starts so the host can troubleshoot any technical issues.
